Title	: GoKart
Platform	: PHP **Duration :** 6 Months
Description	: GoKart is a complete e-commerce platform designed to provide a smooth shopping experience for customers and efficient management tools for vendors. It supports multiple product categories, secure checkout, and real-time order tracking for buyers, while vendors can manage inventory, pricing, and sales analytics through a user-friendly dashboard. Built using HTML, CSS, JavaScript, and SQL, the system ensures responsive design, secure data handling, and scalability for future upgrades like payment integration and personalized recommendations.
